

## GCIT Technology Commercialization Committee

### Mike Fong, Chair

CEO, Calence, Inc.

*Develop a statewide technology commercialization assistance center that coordinates entrepreneurial assistance programs to foster strong management talent for start-up and growing technology businesses, as well as to facilitate early-stage capital opportunities.*

## Recommendations

AzTechBizDev.com was created in collaboration with the Arizona Department of Commerce, Arizona Technology Council and the Southern Arizona Tech Council, as an online business development tool for technology business owners, decision-makers and entrepreneurs. This web-based central resource center will serve as a primary vehicle for connecting Arizona's business assistance resources, as well as the State's key innovation and technology assets.

Information, Business Tools and Resources are available for every stage of a Company's Life Cycle:

- Concept
- Business Formation
- Product Development
- Marketing
- Operations and Growth
- Arizona Business Assistance Resources

In addition, the following information and resources can be found at AzTechBizDev.com:

- Arizona Companies' Success Stories
- Arizona Company Directory
- Arizona Funding Directory
- Arizona's Recent Accomplishments and Highlights
- Events Calendar
- Key Innovation and Technology Business Development Facts
- Networking Opportunities
- Publications and Research Reports
